

BSCG CERTIFIED DRUG FREE

BATCH CERTIFICATION

THE GOLD STANDARD IN 3RD PARTY
CERTIFICATION AND TESTING

11301 W. Olympic Blvd., Suite 685
Los Angeles, CA 90064
(800) 920-6605
www.bscg.org

The BSCG Certified Drug Free program provides assurance that dietary supplements, natural products, cosmetics, medical devices, or other products are free of banned substances and other drug contaminants that can lead to health concerns or positive drug tests. As part of the program, finished product batches are tested for drugs on the WADA Prohibited List and other banned substance lists in sport as well as prescription, over-the-counter, and illicit drugs not banned in sport. This Batch Certification verifies that samples of the product identified by brand name, product name, and batch number below have been tested at our ISO/IEC 17025 accredited laboratory partner by instrumental screen using liquid chromatography/mass spectrometry (LC/MS) and that no compounds were detected according to the details and method detection levels outlined in the BSCG banned substance testing menu on the following pages. The BSCG Certified Drug Free program offers the maximum protection to athletes and professionals across the spectrum of WADA, NFL, MLB, NHL, NBA, WNBA, PGA, LPGA, MLS, CFL, ATP, WTA, FIFA, FINA, AFL, NRL, NASCAR, UFC, CrossFit, NCAA, military, first responder, and other workplace drug testing programs.

This certificate is the property of BSCG and must be surrendered upon request by BSCG. In addition to Batch Certification, products are tested for label verification and contaminants and the manufacturer is audited for GMP compliance. To verify Batch Certification and review complete details of the BSCG Certified Drug Free® program please visit our website at www.bscg.org.
